

Statewide Shooting Range Update
For the Arizona Game and Fish Commission
February 9, 2008
Yuma, AZ

Northern Arizona Shooting Range

- **Forest Service Coordination** - Coconino National Forest (CNF) provided a timeline and Gantt chart (attached) on the completion of the necessary steps required to move forward with the proposed land exchange. The CNF has committed to draft a Collection Agreement to initiate the Feasibility Analysis Report. The Collection Agreement will include the actual cost of the report as well as a completion date of September 31, 2008. The Department has drafted letters to the Governor's Office and NRA to request support in soliciting the CNF to expedite the land exchange process.
